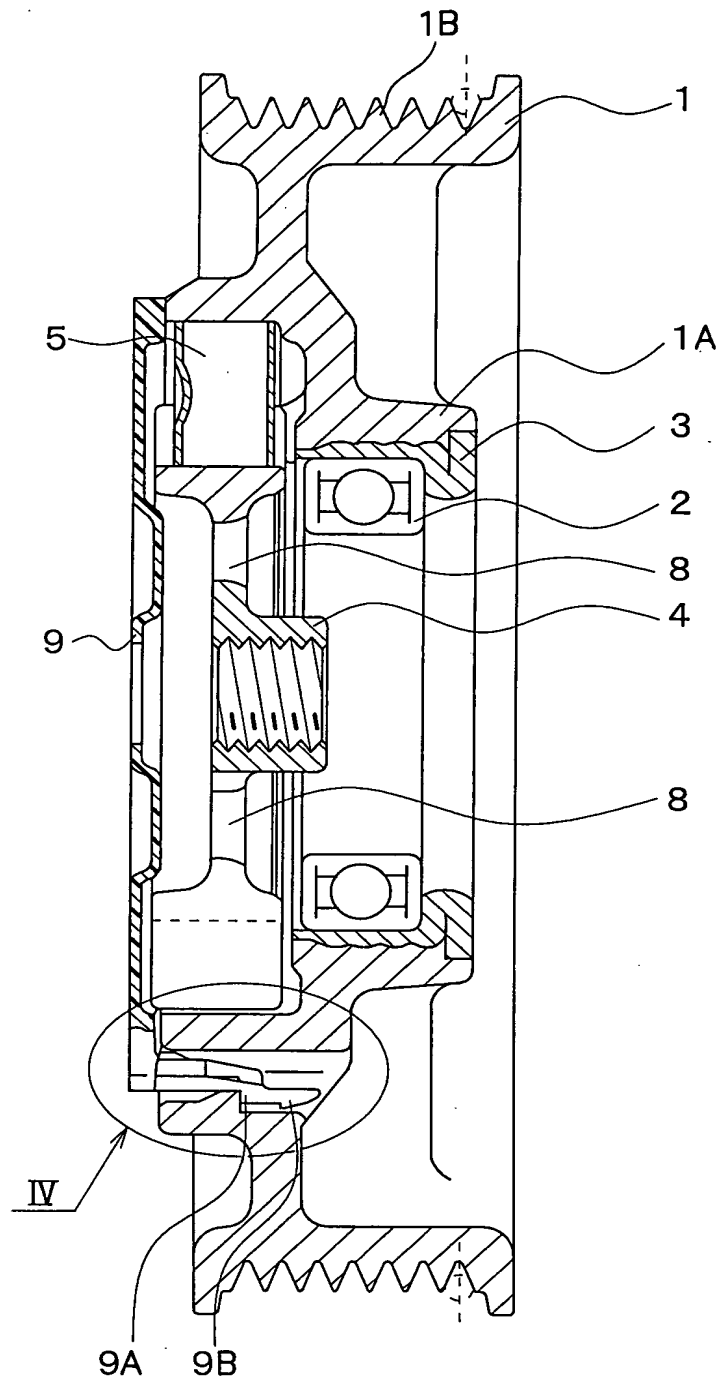

FIG. 2

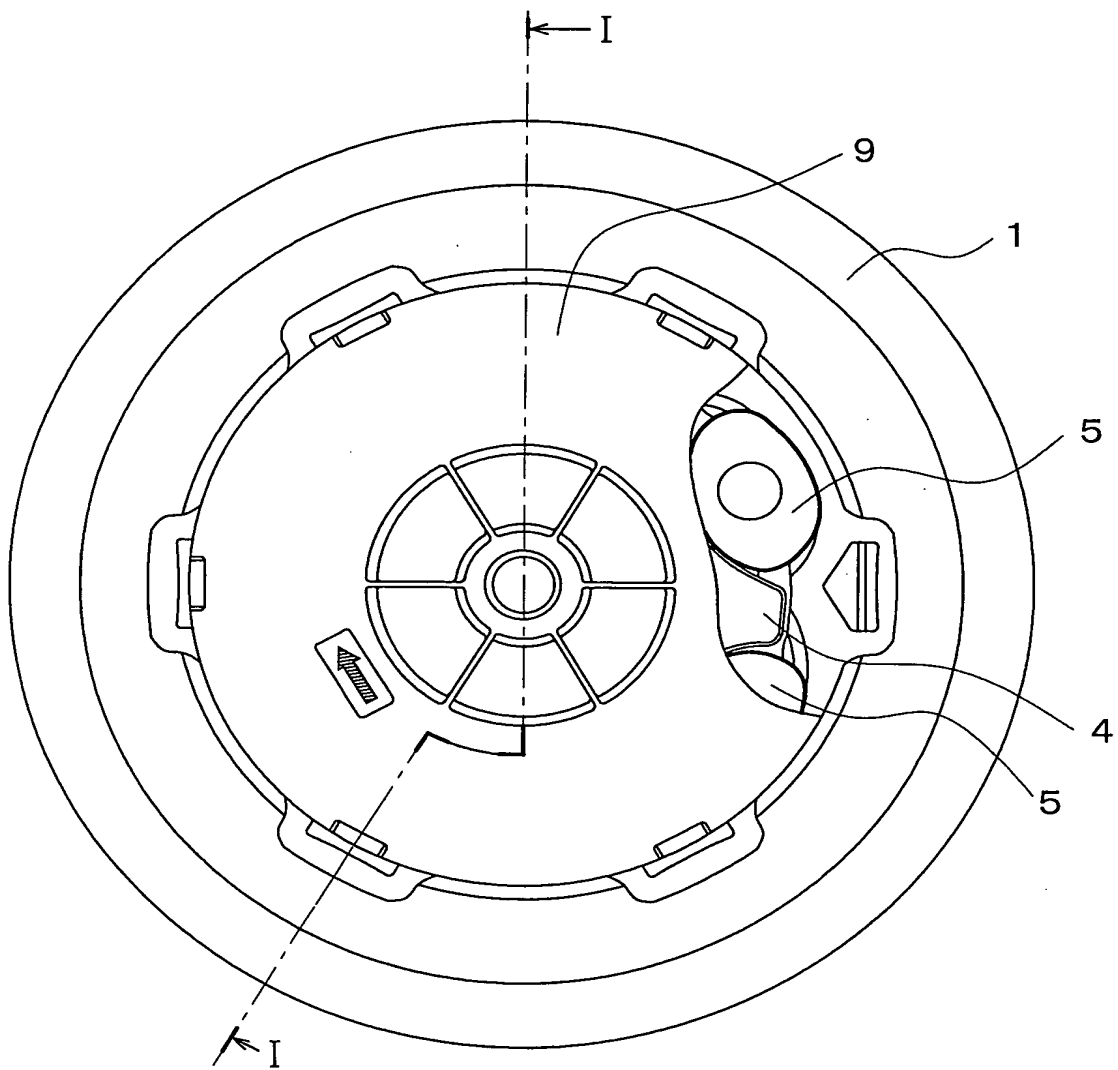

FIG. 3

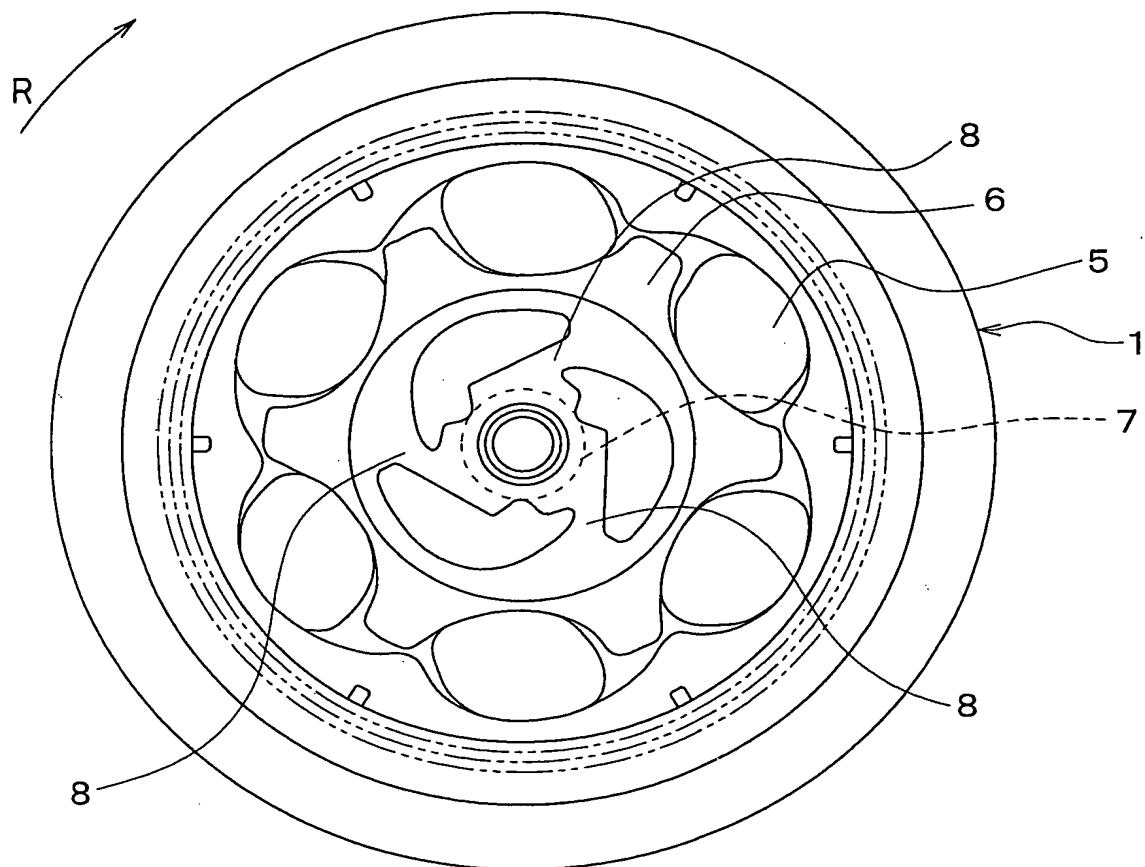

FIG. 4

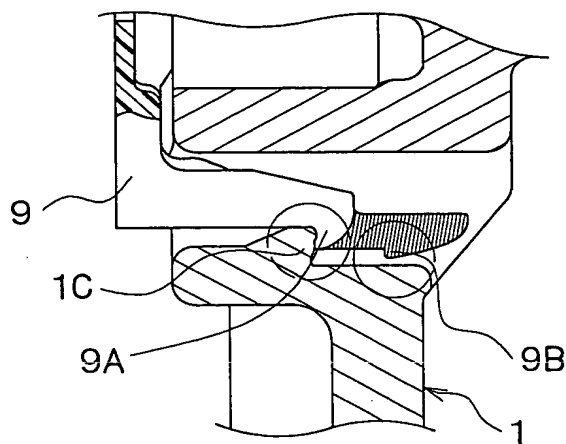

FIG. 5

FIG. 5 is a perspective view of a gear-like component. The component has a central hub with a circular opening. A curved, shaded region (hatched with diagonal lines) is shown breaking away from the outer rim of the component, revealing the internal structure. The word "BROKEN" is written within this shaded region. The outer rim of the component is labeled with the number 6. The internal structure, including the hub and the broken section, is labeled with the number 8. A curved arrow labeled R indicates a rotational direction around the central axis. The number 4 is also present near the outer rim, and the number 7 is near the central hub.
